Eliminations Have... Chambersburg W... Different Events—A... ing.

Last week, marked a... activity throughout all the ...grounds in Chambersburg. To a stranger, it must have looked like the preparation for the 1928 Olympics or something like that, but it was merely the final eliminations in preparation for the annual Franklin County Track Meet, which this year is to be held in Mercersburg, the 28th of the month.

By Thursday all eliminations had been completed by the C. H. S. athletes, and the team has been selected which will represent C. H. S. on the cinders in Mercersburg.

C. H. S. will be well represented in the dashes, both on the boys and girls teams. The boys are pinning their hopes on Cofiflower, the football star of this season, in the hundred, while the girls place their hopes in Dorothy Grissinger.

Not much is known about the strength of the relay team, as it is entirely green. No te... last year.

All great men are dying; in fact I don't feel well myself. We've no need to introduce this young man. Who hasn't heard of him? Could our athletic teams get along without him? 'Tis doubtful.

RUDOLF M. WERTIME

"Rudy"

Classical Course; "The Importance of the High School Library;" *Parrot* Reporter 3; French Club Treas. 4;

"Sic semper studentibus." That's Rudolf! He studies and studies and then—well to tell you the truth—he studies some more. Perhaps in the future he may be addressed as "Prof." Wertime.

EDNA CHURCHFIELD

"Churchie"

Commercial Course; "The First Pullman Car;" Glee Club 4; Commercial Club; Dramatic Club; Library Squad 4; Book Club 4.

We have no doubt that Edna dislikes cold weather. But "Summer!" That's a different matter. "Summers" has been hanging around for quite awhile.

Scientific Course; "Athletics in the Modern High School;" Class Treas. 2-3; Glee Club 1; Appreciation 1; *Parrot* Staff 3-4; Basketball 2-3-4; Football 3-4; Baseball 2; Pres. Athletic Council 4.

If you have never seen that sad appeal in "Joe's" eyes when he looks at ??? you've missed something. His strength of character is apparent and if you don't prize his friendship you're quite unusual.

JUNIA SMALL SMITH

"June"

Commercial Course; "Great Aqueducts of the World;" Class Sec'y 1-3; French Club 3; Commercial Club 4; Commercial Editor on *Parrot* Staff; Glee Club 3-4; Music Appreciation 1.

EMMA E. ECKENRODE

"Em"

HAROLD O. HECKMAN

"Fatty" "Duke"

Commercial Course; "The Spanish Armada;" Commercial Editor *Parrot;* Vice-President Commercial Association.

What a jolly lad he is! Always smiling and as a result he is quite popular among the girls. In fact he is one of the best liked students of '28.

RUTH E. YEAGER

"Rufus"

Classical Course; "Myths of Greece and Rome;" Glee Club; Dramatic Club; Operetta 3.

"None knew her but to love her, none named her but to praise." This may well be said of "Rufus." We all love her for her personality and '28 is proud to have her for one of its members.

SIDNEY B. DANFELT

"Sid"

Scientific Course; "The League of Nations;" Glee Club 1-3-4; Minstrel 3-4; Operetta 3-4; Football 4; Orchestra 1-2-3-4.

Our old happy-go-lucky "Sid". Where is he? Studying French? Not on your life! That's much too serious. Shall we ever forget his hearty laugh and wholesome good humor? Hardly.

L. ZULIEME FEAGANS

"Dewey"

Classical Course; "Pueblo Indians;" School Play 2-3; *Parrot* Staff 4.

Here is a splendid classmate and a loyal supporter of all sports and activities. She is one of the best actresses in the class of '28. With this accomplishment C. H. S. cannot help but feel proud of her.

RUTH KIMPEL
"Kimpie"

Classical Course; "Home Life in Japan;" Glee Club 1; Basketball 3-4-5; Captain 5.

We can think of none more kindly considerate, or more friendly than Ruth. Long will C. H. S. remember her as Captain of the girl's basketball team and how she did her best to uphold the high standard of our school. Our's was the loss when Ruth left us after first semester.

FRIEDRICH SCHLEICHER
"Friedy" "Sleick"

Scientific Course; "Greenleaf as Factory;" Class Play; Track 3; Dramatic Club 4; Debating Club 4; Glee Club 1-4; Operetta 3; Minstrel 4; Football 3-4.

EDNA BROWN
"Brownie"

Classical Course; "History of Cumberland Valley Railroad;" Glee Club 1-2-3-4; Dramatic Club 4.

Edna is one of those girls who is liked because of that intriguing quality which many persons deign to call "It". Quiet, studious and yet, Ah! so very popular.

QUINTON SMITH
"Slim"

Scientific Course; "Martyrs to Aviation;" Operetta 3-4; Band 3-4; Orchestra 1-3-4; Minstrel 3-4; Jazz Orchestra 3-4; *Parrot* Business Manager 4; Glee Club 3-4.

"Bus"

Commercial Course; "Holland, The Land Below the Sea;" Glee Club 4; Commercial Club; Football 2-3-4-5; Capt. 5; Basketball 3-4-5; Track 2-3; Baseball 1-2-3.

"Bus" is a shining light when it comes to any kind of athletics. You know, he shines and shines, and I think the light must effect the other teams eyes. This is our advantage. We hope his future may be as bright as his stay, here with us.

VIRGINIA E. SCHLEICHER

"Ginger" "Jinny"

Classical Course; "Lindbergh as a Pioneer;" Vice-President 2; Glee Club 3-4; French Play 3; French Club 3; *Parrot* 3-4.

KATHRYN ELIZABETH SPROW

Commercial Course; "Switzerland, the Land of Surprise;" Glee Club 1-3; School Play 2; Senior Commercial Association; Dramatic Club 4.

Red hair is a sign of temper but we have never discovered this in Kathryn. Either she doesn't have a temper or it is deeply buried under her sparkling cheer and gaiety.

MULFORD MOWREY

"Muff"

Scientific Course; "Possibilities of Aviation in Commerce."

Here is one of our newest friends and classmates. This is a jolly fellow taking life and demerits just as they come. "Muff" knows how to appreciate the luxuries of life and delights in anything that has pleasure connected with it.

CATHERINE VIRGINIA LEHMAN

"Kate"

Classical Course; "Pekin, The City of the Unexpected;" French Club 3.

Catherine (or "Kate") hails from the little town of Fayetteville. When we first knew "Kate" we found her to be a meek and shy little country maid, but as the old saying goes, "Time will change everything." So it has been and will be with "Kate."

LUCINDA WEST

"Cinda"

Commercial Course; "Colonial Schools;" Senior Commercial Association.

Quiet and unoffending we find Lucinda to be. We are sure that she will some day distinguish herself so significantly that we will be glad to say "I graduated with her in '28."

MARY TREHER

Commercial Course; "Indian Religious Customs."

Mary is a quiet, capable member of the class of '28. She is an able stenographer and a hard worker in all her other studies. She is a true, sincere friend much loved by all who know her.

RACHEL LEVI

Commercial Course; "Some Important Industries of the United States;" Glee Club 4; Dramatic Club 4; Senior Commercial Association.

Rachel is noted for her ready wit and pep. She has not let her future intentions be known but there is no doubt in our minds that she will make good and be successful.

SIDNEY S. PALMER

"Sid" "Murfey"

Commercial Course; "A History of the Washington Monument;" Commercial Club; Orchestra 2-3-4; Band 3-4.

"Sid" is one of our jolly classmates who is seldom seen with a frown upon his noble countenance. He sometimes gets "peeved" when he makes a mistake in typwriting, or the machine piles up the words, but that is the mistake of the machine. In spite of it all "Sid" has a wonderful disposition and is liked by all his classmates.

MINNIE MANOLA RHODECAP

"Min"

Classical Course; "American Mythology;" Graduate of Quincy High School '27.

We find Manola at her work any time of the day. She may appear quiet, but, "Still waters run deep." Who knows what is back of that quiet disposition?

MARIAN S. MACKEY

"Memmy"

Scientific Course; "Chemistry in the Home;" Library Squad 3; Hall Squad 4.

Marian has a charm all her own in this day of Leap Year manners. The fact that other girls are turning far from the paths their grandmothers trod means nothing to her. She prefers to retain that graciousness for which they were famed and which today is so "conspicuous by its absence."

JOSEPH NORMAN STATLER

"Norm"

Commercial Course; "Some Great Battles;" Senior Commercial Association; Member of Stock Judging Team 4; Commercial Editor of *Parrot* 4.

Here's an intelligent lad from Marion who jokes with the boys but when it comes to the girls—*silence.*

FLORINE McCLEARY

"Flo"

Scientific Course; "Early Chambersburg;" Glee Club 1; Music Appreciation 2.

This young Miss may seem rather shy but upon close examination you will find her very good-natured. She is very much interested in her studies and also in one of '27's best looking fellows.

CARRIE M. DICE

"Dicie"

Commercial Course; "Mary Jemison, the White Squaw;" Senior Commercial Association 4.

Polite, generous, friendly, kind-hearted, and a hundred other adjectives would have to be used to describe our loyal Carrie. She does with a smile whatever falls her lot.

DOROTHY HELEN CROUSE

Classical Course; "Twenty-five Years of Invention."

This girl with her pleasing drawl is Dry Run's contribution to our brilliant class, and a worthy contribution she is. Dorothy doesn't say a great deal, but sometimes we'd give much to know what she's thinking.

HELEN ELIZABETH MILLER

Classical Course; "Mexican Customs;" Hall Squad 4.

This quiet, modest Miss comes to us each day from Marion, but seems to disappear as soon as lessons are over. She delights in sewing and studying. You can well understand what an extraordinary girl she is.

HUBER BOVEY

"Pappy"

Scientific Course; "Electricity in Industry;" Basketball, and Football.

Sometimes to look at Huber one would think that he was burdened with the cares of the world. But don't be deceived, for behind that stern countenance he has in readiness a merry heart and a jolly smile.

BESSIE M. RUSS

"Betts"

Commercial Course; "Pennsylvania Trees;" Glee Club 1-2; Senior Commercial Association; Dramatic Club.

Ah! Here's another black-haired maiden. Bessie firmly believes in the saying "Laugh and be happy." She is well liked by all her classmates and always has a cheery word for everyone.

KATHRYN DULL

"Kitty"

Classical Course; "Mussolini and His Regime."

Kathryn is a girl of many admirable traits and has won the friendship of her classmates by her gentle manners and quiet ways. She is a faithful student and a hard worker.

EARL PATTERSON

"Pat"

Commercial Course; "The Spell of Alaska;" Senior Commercial Association; Commercial Editor of *Parrot*.

Earl certainly is a great help when there's lots of *Parrot* work. Just pounds away, and never says a word. His perseverance will surely gain for him a place of prominence among his fellowmen.

KATHARINE E. GABLER

Scientific Course; "The Founding of Plymouth."

Ask Katharine how it feels to go through High School without ever getting a demerit. Can't imagine anything like that, can you? And does she know her lessons? Can she always recite when called on? We'll say she can.

GAIL ASHWAY

Peggie"

Commercial Course; "The Children's Crusade;" Commercial Club; Class Play.

"Peggie" is very studious, shy, and unobtrusive. She rarely laughs but a curious smile ever lingers at the corners of her mouth. Willingness to please and an irresistible desire to do right distinguish her as one of the most dependable students of '28.

GAIL C. GONDER

Scientific Course; "Valley Forge and Philadelphia in 1777;" Glee Club 2-3-4; Librarian 2; Rotary Contest 2.

Did you hear that noise in the back of Study Hall? Did you hear someone laugh? What's all the disturbance? Oh! It's just Gail. Who doesn't like to see her coming? She always smiles and says something pleasant.

SARA ELIZABETH GONDER

"Peanut"

Scientific Course; "The Burning of Chambersburg;" Class Play; Glee Club 1-2-3-4; Orchestra 2-3; Dramatic Club 4; Librarian 3.

Who's the attractive young Miss with the magnetic smile? Why it's none other than our own peppy "Sadie." In case you don't know it, "Peanut" holds the record for being the fastest talker in the Senior Class.

WALTER SHOEMAKER

"Modern Methods of Road Making."

This tall, sober looking giant walks through the halls as though he were a faculty member. Nevertheless Walter is a good friend to all. He is a graduate of Quincy High and has gained many friends during his short stay in C. H. S.

HAZEL E. ANDREWS

"Andy"

Commercial Course; "The Witchcraft Delusion in New England;" Senior Commercial Association; Dramatic Club.

Hazel is one of the studious damsels in our class, and fortune will surely offer her a well deserved future. She's a pal, good and true, and will always be remembered for her cheery disposition and happy smile.

KATHLEEN CRAIG

Classical Course; "Joan of Arc;" Fannett Township High School.

Kathleen hails from that neck of the woods called Willow Hill, but in spite of that fact she's very quiet and unassuming. Whether she's that way in her own home town is another matter. All we know is that the boy friend with the ritzy car is pretty attentive.

SARA LEWIS

Commercial Course; "Famous Water Dams of the World."

Sara has won the good will of all the school by her quiet, unassuming manner. If she has as little trouble getting along with the cruel, cold world as she has with her classmates, her road to success will be straight and smooth.

FRANCES D. TASKER

Commercial Course; "Massachusetts Colony."

Frances is of a jovial nature and well liked by her many friends. Her only fault is her inability to talk without the teachers' seeing her!

CATHERINE E. LITTLE

Commercial Course; "The National Parks of the United States.

Catherine is a conscientious worker who has quietly plodded through the four years of High School. She excels in typewriting.

MARY TURNER

"Turn"

Commercial Course; "Poultry Raising as an Industry."

Mary is a very studious girl, studying from morning until night. She is speedy in typewriting, and always there with a smile no matter what she is asked to do.

Class History

And Father Time once again manipulated his trusty scythe; once again a school-year has ended, and with it the breaking apart of a group of fun-seeking yet studious individuals who in four years have formed a bond inseparable, a tie such as to which only years of daily, pleasant contact can be heir. Now we are at the end of our high-school course. Entering as Freshmen, we looked forward to the good times and work ahead of us, and now we look back, realizing how short the time really has been since then. Sometimes we thought the work difficult, but now we appreciate the reward it has brought us.

During our Freshman year, we became conformed to our new surroundings, and were soon taking an active part in all high-school activities. We were not afraid to work, and we started our course right by studying hard. We organized by electing Coyle Clark, president; Katherine Wolfinger, vice-president; Junia Smith, secretary; and Walter Bitner, treasurer.

We entered our Sophomore year feeling greatly sophisticated, and ready to give our help and support to C. H. S. in every way possible. Our officers were: Walter Bitner, president; Virginia Schleicher, vice-president; Anna Garns, secretary; and Joseph Bronson treasurer.

Then as Juniors! How important we felt! We started by electing Walter Bitner, president; Emma Eckenrode, vice-president; Junia Smith, secretary; and Joe Bronson, treasurer. One of the important matters to be settled in this year was that of choosing our class colors. Which other class decided on better or just as good colors as the Red and White? Which other class had as much originality in picking their pennants, caps, and emblems? None! '28 surpassed them all! And then, to top the year off right, what a glorious time we all had at the Junior-Senior reception!

Finally, we entered Seniordom. Only one school year stood between us, and the goal we have been trying to attain during our four years in C. H. S. We were guided through this last year by the following able officers; Walter Bitner, president, Mary Kolb, vice-president; Helen Wiestling, secretary; and Mildred Slothour and Milton Pugh, treasurers. During this year we still led in all athletic, scholastic, and social activities. We have given and are still giving our best aid and support to C. H. S.

We owe much credit for our general success to our class advisors, Miss Heller, and Mr. Snider. They advised, helped, and encouraged us through our four years here.

We have had many good times together in C. H. S. and it is with regret that most of us leave. We know that the members of '28, will always remember the happy days spent here, and that their lives will be bigger and better for the knowledge and associations that have been acquired in C. H. S.

CLASS SONG

We're the class of '28; see our colors bright,
We'll be ever loyal, true to the Red and White,
Colors that to us will be symbols of our loyalty,
Purity and love combined; our colors prove our kind.

We're the class of '28; gaily on we go—
A fame to win for C. H. S., sometime you will know,
We will ever faithful be to the colors we hail with glee,
Here's to nineteen twenty-eight, the Red and White.

Hark! Silence falls upon the great hall! The curtain rises! The play commences and the audience sits spellbound.

Who are the actors? None other than the members of the illustrious class of '29! And the audience? The faculty and students!

The first act is laid in the Freshman year at Chambersburg High School. Talent mingled with honor and fairness makes the scene a success. The curtain falls. During the short interval the faculty and other classes talk among themselves, trying to predict the future of the class on the stage.

The second act has begun. Imagine the surprise of the audience when it beholds the students no longer silly, green Freshmen, but happy, teasing Sophomores, intent on making the coming year even better than the past one. The interest of the spectators increases and is at its height when the curtain again falls after a successful year.

More suspense! The audience impatiently awaits the beginning of the third act and the hall is filled with the buzzing noise of conversation. Suddenly all becomes silent! The curtain has risen again. This time the students are still happy and gay, but more serious than previously. The talented class has no trouble in proving its worth and doubt no longer remains in the spectators' minds as to the ability of the class in football, basketball and track, besides music, drama and debate. Once more the curtain falls amid the applause of the audience.

The Senior year of these noble students hasn't come yet but they are determined to make it a concluding triumph when it does finally arrive, so that the faculty and coming students of C. H. S. will not hesitate to say that they have done their best to be loyal to their dear old Alma Mater.

I dreamed, and behold I saw the Freshman Class, standing with their faces toward the High School, and holding books in their hands. I saw the class read therein; and weep, and break out with a lamentable cry. And a class advisor approached, and spake thus, "There is but one way for you to o'ercome the horrors of education. You must endure the hardships of a four year's journey to the "Land of Diploma". Forthwith the class arose and began their struggle; and it was as if they tried to climb a steep mountain. Wild teachers and Sophomores made grievous attacks and then, I saw them; how they came upon the "Slough of Examinations," and they did sink into the mire; but help came. Thereupon they did proceed to the "Castle Vacation," and were provided with weapons for the next struggle. Later they did become lost in the "Maze of Tests," and were beset by monsters, but the class wielded the mighty sword "Trot" and consulted the "Oracle in the Back of the Book," and did win. Through these two years "Recording Angels" hovered near, watching the struggle, and making records in small black books. I looked along the road that the class would travel in the next two years, and behold, there lay in wait, demons, fearsome to behold; "Senior Essay," "Cicero," the "Grind of the Shorthand," and countless bands of others. But I, knowing the right lusty valor of the band, felt that they would o'ercome these difficulties, and would reach the blissful "Land of Diploma."

"What causes that?" the upperclassmen asked themselves as they watched the Freshmen Class of nineteen-hundred and thirty-one file past them on that first day of the new school year.

We didn't answer their question then. We were too dazed by this new life and these new surroundings. We felt like outsiders. We looked up to the upperclassmen, respected and even feared them. Little did we think then, that within a month we would feel ourselves a part of this great school. But now everything is different. We belong to this school; it is our school and we respect and support it in every way possible.

Everyone knows or has heard of the Class of '31. If you have any doubt as to our existence, you need only attend the basketball and football games. Even in debating and in the Glee Club we are represented.

Now, to turn to social affairs, our Hallowe'en party was a success, and we feel that we owe it to our class advisors, Miss Roof and Mr. Shockey.

You can well see that we have started our High-School course right, and this is only a sample of the bigger and better things we intend to do. Watch us and see us progress.

(We won't add anything else; you may think us presumptuous, but keep your eyes on '31, and see what it achieves).

Pennant Day

April 22, 1927! Will that date ever be forgotten? No! We may be called down for forgetting some date in history, but *this* date will ever be remembered. April 22, 1927—Pennant Day—the day when '28 shone. It was on this day, perhaps the greatest of our entire High School course, that our colors, the Red and White, were presented. *And how!*

What a glorious sight was the auditorium on that morning! How beautifully it was decorated! How proud each Junior was of his class and his colors! When the members of the faculty, the Seniors, and Sophomores, went to chapel that morning, what a sight met their eyes! The Juniors, dressed in all manner of Red and White paraphernalia, occupied the stage; and to top it all, they were singing their class song, composed by Anna Garns.

Immediately after the first oration of the day had been given, two pure white doves with red ribbon streaming from their necks flew proudly over the heads of the Seniors symbolizing our freedom from conventionalism. Into the silence created by this, boomed the voice of the second orator telling more of our many accomplishments. Yells were given by each class. Finally everyone rushed from the auditorium, and the *whole town* was informed of the fact that it was Pennant Day. Of course, there were scraps! Isn't that always the way on Pennant Day? But these scraps were not serious; they merely emphasized the enthusiasm of the members of the classes.

Now just a word as to the pennants and emblems, themselves. Who but the Juniors would have ever thought of our ring seal as an ensign? Who but the class of '28, would have torn away from the conventional, large, triangular pennant, and come to the fore by choosing a rectangular symbol of her class? And our caps—ah! They were the envy of the entire school. The members of all the classes tried in vain to obtain them. The colors, Red and White, have a meaning of their own. The Red signifies Love, and the White, Purity. What colors, more glorious, more significant, have been or ever can be chosen?

Alumni Association

BY LYDIA C. HELLER

Welcome, members of the class of 1928 of the Chambersburg High School. Welcome to the Alumni Association. No, I have not been appointed as a committee to welcome you, I have just been asked to tell you something about the association, but I feel sure that I voice the sentiment of the other members of the association when I bid you welcome.

There is no joining this organization. As you graduate this year from the High School, you automatically become a member of the Alumni Association, and are entitled to enjoy all the rights and privileges of it. There are no admission fees or dues. The only expense is that at the annual banquet, where each person pays for his own plate.

The annual meeting is always held sometime during Commencement Week at which time officers for the ensuing year are elected. Be sure you are there this year and put one of your own number in office. We older members need assistance from "peppy" young folks to keep us from going into a rut. Give us some new ideas. You are just leaving school and ought to have many suggestions for the Alumni Association, telling us wherein we can help the High School.

For several years the association has been presenting a play. The time is usually about the first or second week in December. Here you can help by telling the coach who of your number have histrionic ability. This will bring new faces into the plays and increase the interest.

The annual banquet is held between Christmas and New Year's. The time is selected so that members of the association, who are teaching or are students in higher institutions of learning, may attend and renew old friendships and talk over school days. Dancing and cards follow the banquet. If you cannot trip the light fantastic, you have the privilege of trumping your partner's ace and no one will censor you for doing so.

Again we bid you welcome to the Alumni Association and hope that at the annual meeting the class of 1928 will have a one hundred percent attendance.

Junior-Senior Reception

On May 13, 1927, we, the jolliest bunch of Juniors ever known in C. H. S., gave the Seniors of '27, a grand and glorious reception. The ball-room was elaborately decorated with the colors of the two classes, cardinal red and white deep orange and blue. Chinese lanterns lent the room an air of jollity and festivity. The music for dancing was furnished by Frank Wingert's orchestra of town and Oh, how sublime were those dreamy waltzes and snappy fox trots! The prize waltz for the faculty was awarded to Miss Burgner and Miss Houck and that for the students to Ethyl Bittinger and Charles Kirby.

A large number of the faculty members were present adding greatly to the enjoyment of the evening. The room across the hall from the dancing floor was decorated and lighted brilliantly. It was given over to those persons who preferred a milder form of entertainment than dancing, namely, card playing. Miss Mickey did her bit toward making the evening the success that it was, by telling fortunes. Several times we feared for her safety because of the mob seeking to learn more of their past, present, and future.

As this most wonderful of all evenings finally drew to a close, it was a merry crowd of young people who bade each other good-night. Any enmity which had existed between the Junior and Senior Classes since Pennant Day was obliterated in this one joyful evening.

Le Cercle Francais

President—MLLE. GARNS Secretaire—MLLE. WISE

Tresorier—M. WERTIME

MOTTO—On n'apprend qu'en s'amusant

"Enfin! Here we have "Le Cercle Francais!" This club was organized on January 15, 1925, and is now one of the most popular organizations in C. H. S. It was organized for the benefit of the French III students. It has enabled them not only to converse freely in French, but also to learn of France and the customs of her people. A meeting is held every two weeks, and there is always an interesting program. Sometimes small French plays are presented, French songs are sung, and French games are played, and then, of course, the eats--.

Perhaps you have seen the attractive pins that some of the students of C. H. S. are wearing. Well, those are the new French Club pins, and you may be sure that every wearer is proud of that pin and of the club for which it stands.

On February 18, 1928, "Le Cercle Francais" held its annual "The Dansant," and it can well be said that it was a great success. There was a short program in the auditorium, and then dancing, and card-playing in the gymnasium. The music was furnished by the High School Jazz Band. The decorations—the balloons—well, ask some one that was present! Let them verify the statement that it was a grand success!

So you see, the French Club for 1927-1928 really has amounted to some-thing. Much credit is due to our advisers, Mlle. Null, "La Maitress" and to Mlle. Kelly. We hope that the coming French students will carry on this interest shown by "Le Cercle Francais" of 1927-1928.

Modern Authors' Club

President—ANNA U. ALTHER
Vice President—JEANETTE LYON
Secretary—BLANCHE SHATZER
Paper Reporter—BETTY BOYD
Library Typist—DOROTHY HEEFNER
Club Adviser—MINNIE J. HERR

We've heard of night clubs, wooden clubs, dramatic clubs, and in fact all sorts of clubs imaginable, but never have we heard of any which could measure up to the standard of our Modern Author's Club.

This marvelous organization was suggested and begun by our most valued friend and teacher Miss Herr. It has been her—yes, "Herr"—most efficient direction which has brought it to its present supremacy.

The first meeting was held on February 13, at which the election of officers took place. There were just twelve students present including, for the most part, members of the Library Squad. However, as the existence of the club became known the membership increased more than three-fold.

The purposes of this club are: to create a greater interest in reading; to make the reading of non-fiction books a pleasure rather than a task; to increase the literary vocabulary and to teach the proper use of the Library.

Miss Herr's valuable library lessons have rendered it possible for the students to use the reference books without the aid of the librarians; and have increased the efficiency of the librarians themselves.

The name, "Modern Authors' Club," has been exceedingly well chosen since at these meetings modern novels are discussed. We're sure that the present classes of C. H. S. will have sufficient reason to be proud of the club which they organized.

Senior Commercial Association

President—MILTON PUGH
Vice-President—HAROLD HECKMAN
Secretary—DOROTHY STEPLER
Treasurer—ALBERT SHULTZ

Tacitly the Senior Commercial Association adopted the slogan "Make Each Other Happy." An earnest desire to really do this caused a deluge of plans to pour into many members' minds, some to be rejected immediately, others to be placed on trial. No plan so tried has ever failed completely in its purpose, for always there has been some meritable result.

The suggestion which brought most happiness was that concerning the programs for the meetings. Alternately A3-1 and A3-2 prepared secretly a full evening's musical, literary, commercial, and social entertainment. A3-2, which had the first opportunity to be host, was so intent on conferences with secret meaning that A3-1 immediately began to whisper within itself. Contagious is enthusiasm!

Could this keen competition in giving happiness do other than strengthen the S. C. A. standard of true comradeship?

Debating

In response to an insistent demand for a debating club, Miss Ertel and Miss Shull graciously consented to sponsor such an organization.

On the evening of October 11 those persons who wished to become members of this club convened in Study Hall and elected the following officers: President, Walter Bitner; Vice President, Friedrich Schleicher; Secretary, Jeanette Lyon, (Tom Englerth). Tom, however, decided that he preferred football to debating. As a result he informally resigned and Jeanette Lyon was elected in his stead.

During the year many interesting and enlightening debates were given—capital punishment was thoroughly discussed, the Philippine question was contested, while prohibition was argued with much enthusiasm.

The Debating Club did not confine itself to formal arguments. Two mock trials, in which the defendant was charged with bootlegging were presented at luncheons, one held by the Lions Club, the other by the Rotary Club. To these business men this unique entertainment proved to be a most delightful diversion.

The preparation and presentation of the debates within the club served as criteria for selecting debaters for participation in the county debates.

The question chosen for the county debates was, "Resolved: That Installment Buying as Now Practiced in the United States is More Harmful than Beneficial."

Constitution of the Class of '28

We, the members of the graduating Class of 1928, following the example set by other renowned bodies and having due regard for our most beloved officers (?) and worthy schoolmates (not Freshmen) do hereby ordain and establish this Constitution for the class. To form, write up and frame a class constitution is the oft-repeated yet strictly original undertaking which we have undertaken to undertake.

PREAMBLE

All students of the graduating class are expected to live up to the Constitution, and any students not coming up to the expectations will be punished by not being permitted to have his bootlegger call at the school. On a second offense the student involved should be required to leave in the class treasury the sum of a dozen bananas, no matter how scarce the supply in this country may become.

ARTICLE I

Section 1. The executive power of this dignified and noteworthy assembly shall be vested in a president, whose chief duty is to preside at all meetings and shall be able to display extraordinary knowledge in Greek mythology and the world-famed legends of Afganda.

Section 2. The president shall, before taking oath, show himself physically able to hold office and to be able to subdue the girls in any outbreak they may instigate.

Section 3. Because of the high price of eggs, the president shall receive no compensation for his service. If, however, he is a bigger man then the treasurer, then we cannot help it and can only hope that his taking ways are limited.

Section 4. The president may be impeached by the class if he is found using perfume or powdering his nose in public.

Section 5. The president shall welcome the Freshmen and shall, by all means awe them by his dignity and his superior (?) knowledge.

ARTICLE II

Section 1. There shall be a vice-president whose duty it will be to look wise and to be sure to be absent every time the president is.

Section 2. The vice-president shall pick up any books thrown at the president and return them to their rightful owners with the instructions to aim better the next time and to use a heavier book.

Section 3. In case of "croakment," impeachment or assassination of the president, then the vice-president shall take over the office. If, however, the vice-president is found plotting with any Bolshevists to get rid of the president, he will be allowed to carry out his plot. But as a penalty, he will be made to solve correctly one trigonometry problem as selected by the class.

ARTICLE III

Section 1. There shall be a secretary of the class, who, without stuttering, shall bore us by reading the minutes, maybe hours, of the previous meeting.

Section 2. The secretary shall keep her nails manicured, part her hair in the middle and write with her right hand. If, however, she is holding a boy or anything else with her right hand, then she may be permitted to write with her left.

Section 3. Under no condition will the secretary be permitted to use violet ink, as the ultra-violet rays emanating therefrom may injure the eyes of the executive body.

ARTICLE IV

Section 1. There shall be a treasurer to guard the class funds and to see that the other class officers do not spend more of it than himself.

Section 2. If at any time the class treasurer thinks that he can add to the money in the treasury in either a crap or a poker game, he may do so, providing he does not place over $3,000 back in the treasury.

Section 3. The treasurer shall be supplied with a trap gun, 2 machine guns, 7 hand grenades, a trench mortar, 4 tanks of Durkee's Mustard Gas, 1 submarine chaser and a baseball bat.

ARTICLE V

Section 1. Any student antagonistic to the 18th Amendment and expecting to graduate in 1928 is a member of this class.

Section 2. Any upper classman over the age of fifty years will not be allowed to participate in the more vigorous affairs of the class, such as class fights Pennant Day, football or necking parties.

Section 3. Students who have been taking the course for a time longer than five years shall be exempted from class dues, but shall be required to have their pictures taken again for the year book because they might graduate unknowingly.

Section 4. A fine of four cents in silver will be imposed on any member who does not attend at least one meeting of the class. There will be two meetings a day throughout the year.

Section 5. In the event that anything harder than a bottle be exchanged during a class meeting, then the guilty one shall make out an affidavit to the effect that he threw it, whereupon the member of the executive board may collect ten dollars from the class treasury for injuries.

ARTICLE VI

Section 1. This Constitution was framed by the framers and voted upon by the Class of 1928. Any student ignoring it will not be allowed to use his knife at the Football Banquet or to toddle at the Senior Prom.

Section 2. If any student shall continually violate this Constitution, then he shall be forced to graduate in his nightgown.

CAST OF THE SENIOR PLAY

Senior Play

To those of you who saw "The Tightwad" we say nothing—words are futile. Mere description does but mock the unbounded success of this, our own Senior Play, which was presented on March 1st, 2nd, and 9th, 1928.

To have missed seeing "The Tightwad" is to now realize that a great part of the recreative side of your life in C. H. S. has been omitted. To him who suffered this omission we tenderly extend our sympathy but "What's done is done."

What a wonderful success our play was! Did we say wonderful? *Marvelous!*

Much of the success of this play must be accredited to Miss Ertel who very capably directed it. It was she who recognized the value of a double cast and gave instructions conducive to its success.

The auditorium was crowded to capacity the first two nights. In fact, the people were so anxious to see the play that only a few of them waited until the third performance.

The Dramatic Club

Last fall a Dramatic Club was formed in our High School. It was organized to answer the need of dramatic training, which is being felt more keenly every year by educators. Inasmuch as Chambersburg has kept the pace in every other activity it was felt that she dared not fall behind in this field. When a call was made for members for a dramatic club over one hundred students signified their desire to belong to such an organization.

Since that time several very successful programs have been presented. The committee in charge is trying to make the programs as varied as possible in order that an interest in the different types of one act plays may be awakened in the students. It is an unhappy truth that the average theatre-goer seeks nothing but amusement. If a play is not hilariously funny he finds it stupid and dull. Because of this attitude he misses much that is unusual and stimulating. Little Theatres all over the country are trying to educate the public in the matter of the good and bad in drama and it is the purpose of this organization to follow in the footsteps of the Little Theatre. It is going to try to show the students that a play may be good even if it is not amusing.

If the Dramatic Club can teach its members and friends to think for a day or two about the play which they have seen before saying that it was either good or bad it's mission will be fulfilled.

Orchestra

What would C. H. S. be like without this musical organization? It would be a much more dull and uninteresting place for both students and teachers. What is more soothing, when the teacher is angry and the student out of sorts, than to hear the soft, melodious tunes which come from the auditorium.

Each year this organization increases in every way. There is a greater demand for instrumental players. More and more students become interested and become members of the orchestra. The demand created means that more instruments are purchased by the C. H. S. musical organization. Every year the places which are vacated by the graduating students are filled by new students from the other classes. During the years 1927-1928 under the very capable direction of Miss Wardell, the orchestra has been better and more successful than any other year. C. H. S. has now the most successful orchestra it ever had.

The orchestra has certainly been an asset to many of our activities. It assists at plays, minstrel shows, operettas and debates, helping all of these things to be successful.

Although many students will be lost this year, through graduation, we feel sure this will not hinder the future success of the orchestra.

We, the members of the orchestra, now about to seek new experiences in life's journey do indeed wish true success to the future orchestra of C. H. S.

High School Band

Were you in Mercersburg this year? If you were, you know we are proud of the way our band has developed since it was organized a year and a half ago.

What does the High School do for the Band? The High School not only helps the individual develop his technique and his ability in ensemble playing, but he learns to concentrate, to cooperate, to be patient and to be loyal.

What does the Band do for the High School? The Band helps the High School develop school spirit. If you attended the various games this year, you know that at those games at which the Band played there was a larger crowd and more school spirit than at any of the other games.

The Band represents the finest type of school loyalty and school spirit. It places the school first and self last.

Jazz Orchestra

HELEN "BILL" WIESTLING.....Piano
QUINTON SMITH .....Bass
IRVIN VALENTINE .....Trombone
RUSSELL HENNEBERGER .....Trumpet
KENNELL SUMMERS .....Saxophone
WALTER STOCKSDALE.....Saxophone
GERALD SHAFFER .....Drums

Is it not a real pleasure to note the happy faces in the above group? One look and you know right away it's our own jazz orchestra. This is the first time in the history of our school that we have had such an organization.

Who can ever forget the good times they had at the school and class parties, dancing to the "hot" music of this orchestra? Our dances were all huge successes due chiefly to the school spirit of these students, who did most of the playing without receiving any monetary rewards.

We always knew what to look for when "Oren" threw his "slide" into the air and began playing such "hot" music. It would be either a "blues" or a peppy Fox Trot.

The "sobbing" tones of "Ken's" and "Jim's" saxophones aided by the syncopated notes on the piano and drums made us all feel mentally intoxicated.

Then when a waltz was scheduled the muted tones of "Bus's" trumpet and the soft low tones of "Slim's" bass made us think we were in, or at least near heaven.

Much of the success of this orchestra was due to "Jerry" Shaffer who, even though he had graduated, was always willing to play with the orchestra at any time.

As a fitting climax we mention an almost indispensable member of this orchestra, "Bill" Weistling, to whom should be accredited much of the popularity of this organization.

C. H. S. Minstrel

The Music Department presented its second Annual Minstrel Show, under the auspices of the Boy's Glee Club, on February 1 and 2, 1928. It was directed by Miss Gertrude A. Wardell with Miss Helen Wiestling accompanist. The performance was divided into three acts.

ATHLETICS

Athletic Council

Although this is a somewhat obscure body, it is one which is of most importance to C. H. S. It is the persons of this organization who, acting as individuals, determine what place C. H. S. will hold in the world of athletics. It consists of the Faculty Manager, School Treasurer, Coach, Officers of the Association, and the Captains and Managers of all teams. Those composing the Athletic Council for the year 1927-1928 were:

FRONT ROW (Left to Right)—MADELINE SMITH, Assistant Manager Girl's Basketball; JEAN MOWREY, Assistant Secretary; HELEN KRAISS, Manager of Girl's Basketball; MISS IDA ROOF, School Treasurer; ISABELLE PHEIL, Secretary; RUTH KIMPEL, Captain Girl's Basketball.

SECOND ROW—R. I. SHOCKEY, Faculty Manager; KENNELL SUMMERS, Football Manager; IRVIN VALENTINE, Basketball Manager; DELBERT PETERS, Assistant Football Manager; W. V. HANSEN, Athletic Coach.

THIRD ROW—NORMAN RINES, Vice-President Athletic Association; COYLE CLARK, Captain Boy's Basketball; CHARLES PETERS, Captain Football; ALVIN HAFER, Assistant Manager Boy's Basketball; JOE BRONSON, President of Athletic Association.

Football

The year 1927 marks, perhaps, the greatest season of football in the history of Chambersburg High School. The boys themselves deserve the credit for the great success of the season. However, we cannot help commenting on the excellent work done by Captain Peters, Coach Hansen, Manager "Ken" Summers, and Faculty Manager, Mr. Shockey.

The success of the season did not depend upon just the two games that were lost, but the fact that each game was an interesting and exciting one to the spectators.

Having had six victories and only two defeats the total number of points which caused the two defeats was only 10. Mechanicsburg, which had the strongest High School team of the valley, defeated C. H. S. by a score of 9-0, and Carlisle "Hi" defeated C. H. S. by 19-18, Carlisle's last points being scored in the last three or four seconds of the game. The total number of points scored by C. H. S. was 157 while the total number of points scored by the opponents was only 43. This again proves the success of the Blue and White.

The first game was played by all the football candidates after being divided into two teams, the Blue and the White. The Whites defeated the Blue 6-0. We hope that next year's team will be as successful as this years, in spite of the great number lost by graduation.

(Continued on page 140)

Boys' Basketball

We realize that we did not make a hit this year as far as winning a large percentage of the basketball games is concerned, but nevertheless we put forth our best efforts and really have some good players on our team.

There was marked ability in the performance of Charles Peters and Norman Rines, and their absence after this year will be regretted by under-classmen. However, we feel confident that, with persistent efforts, they can be replaced in a year or so.

The following have been awarded letters:

Captain, C. Clark; Manager, I. Valentine; N. Rines, J. Bronson, K. Summers, K. Dile, C. Peters, B. Geyer, R. Henneberger.

The score of games is as follows:

C. H. S.	28	VS	Alumni	59
C. H. S.	28	"	Geencastle	16*
C. H. S.	55	"	Scotland	18
C. H. S.	34	"	Middletown	20
C. H. S.	21	"	Thompson College	22

(Continued on page 124)

Girls' Basketball

The world generally scoffs at the boaster, but did you ever realize that when we give ourselves credit for doing something exceedingly well, because of intense practice or training, it no longer is termed boasting, but becomes an achievement which we hold up as a banner of success to inspire ability in others.

We feel confident that we would have come through with a 100 per cent victory in our basketball games this season, had the gym been a more adequate one for a team such as ours; a team that had exceptional ability in its forwards, Trail and Pheil, and centers, Hassler and Garns, and also in the alertness and cleverness of our very able guards, Mowrey, and Rossman. Happel, Berlin, Carbaugh and Evans proved their worth as substitutes.

Letters were awarded the following: Capt. Pheil, Trail, Carbaugh, Hassler, Evans, Garns, Mowrey, Happel, Rossman and Berlin.

Due to the absence of Kimpel our guards were weak for a while but under the able coaching of Mr. Hansen we finally developed a good combination.

Franklin County Scholastic and Field Day Meet

On May 9, 1928, the little town of Mercersburg was filled to overflowing for was she not hostess to all the other schools of the County who had met there for the fourth annual meet of Franklin County Schools and did she not prove herself a gracious hostess?

The morning was devoted to the different scholastic events. Greater interest was shown in these events this year than ever before. The first event was the Contest Chorus. After a long deliberation the judges decided that Waynesboro should have first place with Chambersburg second—three points for C. H. S. Then the crowd went to the Presbyterian Church to witness the Declamation Contest. In this contest, Jean Wingert won first place, securing five points for C. H. S. and a silver loving cup. Mercersburg won second place, and William Gilbert, representing Chambersburg, secured two additional points for us. Then came the time for the Juniors to shine. In the Algebra II Contest, Duane Myers won first place, while Kathryn Bowers added two extra points to Chambersburg's mounting score, by coming in third.

The other schools, meanwhile, were not idle. Waynesboro was pressing close behind us with a total of sixteen points to our seventeen. Nevertheless, Chambersburg led in the scholastic events, and feeling the thrill of this victory, our athletes entered with body and soul into the athletic events of the afternoon.

Then came another big surprise! Dr. Irvine of the Mercersburg Academy had kindly consented to have the athletic events on the Academy grounds, and to that place the spectators and participants proceded. The athletic events for Class A boys were: the one hundred yard dash, the two hundred and twenty yard dash, the high jump, the running broad jump, the pole vault, the shot put, and the one mile relay. The events for the girls were: the fifty yard dash, the basketball throw, the shuttle relay, and the basketball dash and throw. When the final count was taken, it was discovered that Chambersburg had won the athletic contests by one point! Think of it! We had defeated all the other schools, even Waynesboro. We had won the Fourth Franklin County Scholastic and Field Day Meet! A silver loving cup now reposes with C. H. S. as a symbol of her supremacy. The following athletes contributed to the great success of C. H. S.:

GIRLS

D. GRISSINGER.....First.....Fifty Yard Dash
G. CARBAUGH.....Third.....Basketball Throw

Shatzer, Shoemaker, Grove, Berlin, Minter, Rossi, Mowrey, and Grissinger, composed the relay team which won second place. Shoemaker, Shatzer, Rossi, and Mowrey won first place in the dash and throw event thereby giving Chambersburg the coveted five points which won the event.

BOYS

W. JOHNSTON.....Third.....One Hundred Yard Dash
W. MARCH.....First.....High Jump
W. MARCH.....Second.....Broad Jump
W. CHASE.....Second.....Shot Put

The one mile relay team composed of H. Hostetter, P. Brehm, W. Gilbert and C. Hawbecker won second place.

Jokes

If it weren't for the funny things
  That happen every day,
This world would be a lonesome place
  To make our little stay.
But Nature said it shall not be
  A world deprived of wit;
There must be humor sprinkled in—
  At least, a little bit.
The clouds that gather in the sky
  Don't last; they soon are gone.
Our troubles are forgotten;
  Turn the page; let's ramble on.

Mother:—Gladys, you stood on the porch quite a while with that young man last night.

Gladys:—Why, mother, I only stood there for a second.

Mother:—But I'm sure I heard the third and the fourth.

QUOTATION OF A SENIOR PESSIMIST

Some houses are plenty large enough for their family in the summer, but in the winter when everyone gets on his heavy underwear they will be pretty well crowded.

I WONDER

If I were asked to dance and dine
By anyone at any time
Would I hang back—would I decline—
  I wonder!

And when at last, the evening o'er,
He asks to step within the door
To say a word, or maybe more,
Would I be peeved—would I be sore—
  I wonder!

Debating

(Continued from page 92)

Those selected to uphold the affirmative side of the question were: William Gilbert, first speaker; Charles McClain, second speaker; and Jeanette Lyon alternate. Those representing the negative were Herbert Socks, first speaker; Jean Wingert, second speaker; and Willard Heintzelman, alternate.

On the evening of February 22, hearts beat wildly and visions of victory or defeat floated before the eyes of the resolute debaters. Our affirmative team journeyed to Lemasters, there to defeat their negative team by a two to one vote. Ill fortune seemed to have invaded C. H. S., for our negative team lost by a two to one decision.

Was our morale broken? *No.* In the distance we saw victory and with that encouragement our negative team defeated Lemaster's affirmative by a unamimous vote of the judges. In C. H. S., as tho by a decree of fate, our affirmative team bravely, and with a smile, met defeat at the hands of Scotland.

Has our debating club not proved its worth? Has it not developed any talent which the debaters may have possessed? Will it not continue to progress? The answers are obvious and we are certain; we *know* that, under its capable sponsors, much toward the better understanding of debate has been accomplished.
